

Participants Wanted for *UMD Hearing Research*

Contribute your perspective to help us better understand the values of people with hearing difficulty! The purpose of this research project is to better understand your values and hearing abilities to create hearing healthcare solutions for all people with hearing difficulty.

To participate, you must:

- **Be at least 18 years old**
- **Have hearing difficulty**
- **Speak fluent English**
- **Consent to audio and video recording of study visits**

Qualifying participants will be paid at a rate of
\$15 per hour

Participation will take between 1 hr and 1 hr 40 min

You will be asked to participate in a discussion about your hearing difficulty and complete hearing assessments and questionnaires
